Newest & Highlighted Features of Primo iPhone Data Recovery

**1. Get Back the Lost iPhone Data & Files Up to 25 Types:**

Photos, messages, contacts, notes, app data, etc., are important for users, and now Primo iPhone Data Recovery recovers 25 types of data and files on iPhone, iPad and iPod touch. You can also choose the most suitable format like PDF, TEXT, CSV, VCF or HTML for data recovery.

**2. Retrieve Personal Data Directly Back to iPhone Easily:**

It scans and recovers most of your valued personal data like contacts, messages, notes, etc., directly back to your iPhone, iPad and iPod touch for instant use. No matter if mistakenly deleted or accidentally damaged, all can be recovered to your iPhone again.

**3. Three Reliable Recovery Ways for Highest Recovery Rate:**

To achieve the highest recovery rate, it offers 3 convenient & reliable ways: Recover from iOS Device, iTunes Backup, and iCloud Backup. Now, any piece of data inside could be effortlessly extracted, and you'll never worry about overwriting your existing data on iPhone.

**4. Integrate iOS System Repair Tool:**

System errors like stuck on white Apple logo, black screen, and continuous reboot loop from the failed upgrade or jailbreak collapse, are now easily returned back to normal status with one click.
