

Professional Community Management of California, Inc adds Palm Springs Villas II to Management Portfolio

PALM SPRINGS, Calif., Aug. 13, 2012 (SEND2PRESS NEWSWIRE) – Professional Community Management of California, Inc. (PCM) announced they are managing Palm Springs Villas II Homeowners Association. The community of 476 condominiums offers six large pools, eight spas, tennis courts and a practice putting green.

“We are very excited to expand into the Coachella Valley with our award-winning management team and state-of-art tools,” said Alisa Toalson, vice president of PCM Inland Empire. “Our division has seen increased growth in the past year due to our commitment to serving the homeowner associations who put their trust in us.”

In the past year, PCM’s Inland Empire division has signed Audie Murphy Ranch Community Association in Menifee and Tuscan Hills in Lake Elsinore.

“PCM was highly recommended to us as a company that is proactive and they have exceeded their reputation,” said Steven Gonzalez, Board President for the Palm Springs Villas II Homeowners Association. “In just two months, PCM accomplished tasks that have languished for months and we were provided with a comprehensive report identifying safety and risk management issues, procedures which would save us money through conservation and better business practices, and numerous options to make our community look better aesthetically.”

“We credit our continued client growth and expansion across Southern California to the hard work and service ethic of our staff,” said Donny Disbro, chief executive officer of PCM. “As a company, we support each and every resident who lives and works in the communities we manage with the latest technological tools and highest quality vendors. When they sign with us, they know they will work with the best.”

As a community management company, PCM serves as an agent to the Association’s Board of Directors providing budget guidance, communicating with the Board of Directors and the residents, coordinating projects of interest to the communities, and managing vendors for landscaping and other services. All of PCM’s managers are certified by California Community Association Management to ensure that clients receive the highest quality service and expertise.

About Professional Community Management of California, Inc.:

Professional Community Management of California, Inc. (PCM), an Association company, specializes in the management of Common Interest Developments of homeowner associations for family oriented master-planned developments, resort-style master-planned communities, active-adult master-planned
