

# Qualia Now Integrated with FNTG's AgentTRAX System for Title Services

SAN FRANCISCO, Calif., March 21, 2017 (SEND2PRESS NEWSWIRE) – Qualia, the fastest growing provider of title settlement software, announced it has integrated the agentTRAX portal from Fidelity National Title Group (FNTG) into its settlement platform. Through this integration, Chicago Title, Commonwealth Land Title and Fidelity National Title agents can issue Closing Protection Letters (CPLs) and generate policy jackets directly through the Qualia system. In addition, the integration allows agents to auto report gross premiums to FNTG's accounting department, leading to fewer errors while increasing efficiency.

“Switching between multiple systems to conduct title work is not just inefficient; it’s unnecessary. That’s why Qualia has made the commitment to integrating with title providers like the Fidelity National Title Group,” said Nate Baker, CEO of Qualia. “The integration with agentTRAX enables Qualia title agents to conduct all of their title work without ever leaving the system, saving them both time and money.”

“At Fidelity, we take pride in providing our customers with the best possible service, support and resources,” said Linda Grahovec at FNTG Agency Operations. “Integrating agentTRAX with Qualia allows us to deliver a more streamlined process for our title agents where agents can access FNTG’s industry-leading title services without ever leaving their system of record.”
