“The companies that make up the 2017 HW TECH100 are the cream of the crop of the entire housing industry, from real estate to mortgage lending, servicing, and investment,” said HousingWire Senior Financial Reporter Ben Lane. “These companies aren’t just taking part in the housing industry’s technological revolution; they’re leading it.”

The HW TECH100 recognizes the top 100 fintech companies that are driving housing technology innovation. Qualia was recognized by HousingWire editors for its ability to unify the title and closing process through its cloud-based platform.

“The companies in the 2017 HW TECH100 cover the entire mortgage finance spectrum. There’s hardly a corner of our industry that hasn’t been transformed in some way, either by fintech startups focusing on a specific software need or legacy companies evolving to compete in the new environment,” said HousingWire Magazine Editor Sarah Wheeler. “Now more than ever, these companies are delivering the innovation this industry needs to do its most important job: supporting the American Dream.”
