

RedFin POS launches point-of-sale solutions website highlighting brand independence, managed customer support, and secure payment processing gateway

DEERFIELD BEACH, Fla., Sept. 15, 2015 (SEND2PRESS NEWSWIRE) – RedFin today announced the launch of a new, rebranded website to illustrate the company's core focus in point of sale (POS) solutions for restaurant and retail environments. The new site, www.redfinpos.com, highlights the emphasis on POS brand independence, in-house hardware and software customer support, and secure access to its certified payment processing gateway.

Rather than pre-packaged solutions or carry only one-brand, management says it helps end users and resellers to choose the best combination of POS hardware and POS software by taking the lead in the POS sales process. RedFin POS systems include custom packaged hardware, software, mobile solutions and 24/7/365 customer support. By partnering with banks, ISOs and MSPs, POS system integrators, POS terminal manufacturers, POS software developers and wireless carriers, RedFin delivers a turn-key, low-cost point of sale solution. This is the RedFin Advantage®.

RedFin POS provides point-of-sale (POS) solutions to all merchant types. RedFin provides PCI-certified, market-ready POS solutions for Mobile Merchants, Hospitality, Wireless, Retail, Transportation, and Enterprise businesses.

RedFin POS provides 24/7/365 Class A support, distribution, wireless activation, billing and fulfillment for Third-party products and services. RedFin Holdings services ISO/MSP acquiring companies while managing the RedFin Gateway, and POS terminal/solutions help desk.

RedFin POS System Specialties include:

- * Mobile Payment Processing: Credit card processing technology and the best processing equipment to ensure swift, secure and accurate transactions
- * Payment Gateway: Bridging the gap between payment devices and payment processing.
- * E-Commerce Solutions: Shopping cart plugins, Auth.net emulation, secure payment form
- * POS Software: Retail Point of Sale, Restaurant Point of Sale
- * POS Hardware: Terminals, Peripherals, and Accessories
- * Developer Resources: Documentation for POS hardware and POS software.
