

Remo Outlook Migration Tool Makes You Windows 10 and Office 365 Ready

BANGALORE, India, July 7, 2015 (SEND2PRESS NEWSWIRE) – With the growing popularity of cloud enabled services, more and more individuals and businesses worldwide continue to choose Office 365 as their complete productivity solution, says Remo Software. Office 365 adoption stats from Microsoft state that around 70 percent of the fortune 500 companies have adopted it over past 12 months. And it's quickly gaining popularity among consumers as well.

To support the needs of all users, Remo Software has upgraded its Remo Outlook Backup and Migrate tool to empower Outlook users to easily [move Outlook to Office 365](#) – from older Outlook versions along with all the settings.

Moving Outlook data to a new environment has always been challenging. With Microsoft Windows 10 coming to the market soon, Remo Outlook Backup and Migrate software has been developed as “Windows 10 ready” to help individuals and businesses to easily backup and move their Outlook data.

“With a broad vision of business productivity, Remo Software builds products that meet varying industry needs. Remo Outlook Backup and Migrate is one such step to help individuals and businesses planning to move to Windows 10 or to Office 365,” said spokesperson Linu John of Remo Software.

Remo Outlook Backup and Migrate turns out to be a quick and easy solution for those relying on Microsoft Outlook. On the other hand it also lets you choose what you want to backup and move, rather than moving everything on Outlook.
