RIGHT HAND TECHNOLOGY GROUP

Send2Press® Newswire

Right Hand Technology Group has been selected as one of the technology industry’s top-performing providers of managed services by the editors of Channel Futures. For the past 15 years, MSPs from around the globe have submitted applications to be included on this prestigious and definitive listing. The Channel Futures MSP 501 survey examines organizational performance based on annual sales, recurring revenue, profit margins, revenue mix, growth opportunities, innovation, technology solutions supported, and company and customer demographics.

Managed services providers that qualify for the list must pass a rigorous

review conducted by the research team and editors of Channel Futures that rank applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency.

[Channel Futures](#) is pleased to name Right Hand Technology Group to the 2021 MSP 501.

“We are very honored to be once again recognized as one of the top-performing managed service providers.” said Josh Wilhelm, President, Right Hand Technology Group. “Our team’s absolute dedication to working in our clients’ best interest and continually improving processes is what creates trust with our clients who continue to refer us to other businesses. Our Cyber Security programs are best-in-class in the industry and this has fueled our growth, moving Right Hand Technology Group up 269 positions on the list in just one year.”

This year’s list attracted a record number of applicants and was one of the most competitive in the survey’s history. Winners are being recognized on the Channel Futures website and will be honored at a special ceremony at the MSP Summit held Nov. 1-2 in Las Vegas as part of the Channel Partners Conf. & Expo.

Since its inception, the MSP 501 has evolved from a competitive ranking into a vibrant group of innovators focused on high levels of customer satisfaction at small, medium, and large organizations in public and private sectors. Today, many of their services and technology offerings focus on growing customer needs in the areas of cloud, security, collaboration, and support of hybrid work forces.

“The 2021 Channel Futures MSP 501 winners are the highest-performing and most innovative IT providers in the industry today. They stand head and shoulders above the competition,” said Robert DeMarzo, vice president of content for the Channel Futures and Channel Partners Conference & Expo division of Informa Tech Channels. “Coordinated by Channel Futures MSP 501 editor Allison Francis, this year’s list was clearly one of the best ever on record.”

“Vendors that are aligned with the Channel Futures MSP 501 are driving a new wave of innovation in the industry. Through their partnerships they are demonstrating a commitment to moving the MSP and entire channel forward,” said Kelly Danziger, general manager of Informa Tech Channels. “We extend our heartfelt congratulations to the 2021 winners and gratitude to the thousands of MSPs that have contributed to the continuing growth and success of the managed services sector.”

The MSP 501 winners will be recognized at the MSP 501 Awards Gala at the [Channel Partners Conference & Expo / MSP Summit](#), Nov. 1-4, in Las Vegas.

Background

The 2021 MSP 501 list is based on confidential data collected and analyzed by the Channel Futures editorial and research teams. Data was collected online from March 1-May 24, 2021. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, profit margin and other factors.

About Right Hand Technology Group

Right Hand Technology Group, Inc. was founded on a very simple idea – that your IT and Cyber Security company should have your back. Our Cybersecurity program consists of expert staff, best in class tools and proven processes to provide organizations with comprehensive Cybersecurity without having to build a team with tools and processes internally. We plan, monitor, and manage our clients' technology and Cybersecurity to allow them to focus on their own business growth and organizational success. We have implemented mature processes based on the National Institute of Standards in Technology (NIST) framework to give our clients complete confidence in our services. Every eligible member of our technical team is security certified because IT management should focus on expediency but not at the expense of security. With the right team in place, we help companies find and maintain the proper balance between the two.
