"They say it's about time somebody from Texas step up and show the world we got talent. So I'm like wassup world," says Bobby.

A week ago Bobby released a one minute teaser on his [Instagram](#) where commenters called this "the greatest music video I've seen in years."

Prior to releasing the single on SoundCloud Black Friday, "Bands" teased his following with short videos from live performances. People began to notice and he began to draw a crowd.

His social media pages were filled with people wanting to know "When is this coming out." Well the time has come to give the people what they've been asking for.
