Both the Utah Fast 50 and UV50 programs recognize Utah-based organizations that have achieved meteoric revenue growth. Founded in 2014 by CEO Matt Hansen, SimpleNexus has quickly established itself as a mortgage technology frontrunner. In August, the firm announced its top 500 ranking in the Inc. 5000 list of America's fastest-growing private companies for the second year in a row.

"Mortgage lenders are enthusiastically adopting SimpleNexus' digital mortgage platform because we have built the framework for a flexible lending

experience that conforms to the needs of loan originators, realtors and borrowers, versus the other way around,” said Hansen. “We look forward to continuing to improve mortgage lending for all stakeholders in the process.”

To date, SimpleNexus has connected its 21,000 active loan originators with 1.3 million borrowers and 89,000 realtor partners to produce more than seven million loans totaling over \$200 billion in volume. Last year the company added 60 clients to its roster, bringing the total number of enterprise lenders SimpleNexus empowers to “do more” to 259, including 15 of the top 25 retail lenders in the United States.
