

Soldiers of Ink Tattoo of Auburndale, Florida is now a Tatt2Away Studio Center

AUBURNDALE, Fla., Jan. 8, 2016 (SEND2PRESS NEWSWIRE) – Rejuvatek Medical, Inc. officially launches the first Tatt2Away® (www.tatt2away.com) non laser tattoo removal system in Florida with Soldiers of Ink Tattoo's Heath Barnes and Cheyann Davis. Their location has come on board to offer to all its clientele certified tattoo removal as the first Tatt2Away Center in the state. Bringing into their high quality of service and products, the all natural system.

Soldiers of Ink has built the studio partly on the unique art form of the cover up. Taking the tattoo piece that hasn't worked and creating something in it's place that does takes a lot of talent.

"Because we have a large at-home, non-professional tattoo presence here in our area," Heath added, "we needed to have the right solution to tattoo removal, and Tatt2Away is that solution which can provide the desired results for removal."

In as little as four sessions, with the amount of pain that is involved getting a tattoo, and with the fewer sessions, more cost effective as well, Tatt2Away is becoming the new standard for Tattoo Removal.

Rejuvatek Medical is placing around the nation Tatt2Away systems offering a limited exclusivity to those tattoo studios that see the opportunity first and act on it.
