

'South Walton Beach Homes' to hit newsstands in April 2020

SANTA ROSA BEACH, Fla., May 7, 2019 (SEND2PRESS NEWSWIRE) – Thanks to skyrocketing demand and low interest rates, the South Walton County real estate market is booming. This surge has given rise to “South Walton Beach Homes,” a new free magazine bringing together buyers and the realtors who make it all happen. “South Walton Beach Homes” is the second print publication from HNH Media Holdings, LLC, the multimedia company behind 30A Food & Wine.

Send2Press® Newswire

Publisher Phil Heppding said this new quarterly publication will offer a glimpse of life along the coveted beach community.

“We’ve been publishing ‘The Food & Wine Guide for South Walton’ for three years now. We see an opportunity to produce a similar magazine that highlights the luxury real estate and lifestyle that is unique to South Walton,” Heppding said.

Flip through the pages of this distinct periodical to discover an insider’s view of life at the beach: the local music and art scene, dining, and entertainment. You’ll find profiles on the top real estate agents in the

market, while getting a peek at the hottest properties available on this stretch of the Emerald Coast. Advertising partnerships will be limited to Realtors who have shown a true devotion and focus to the area's luxury home market.

Scheduled to debut in the spring of 2020, SWBH will hit newsstands on the first of January, April, July, and October each year.

"We are looking forward to growing this brand in our market and working with our partners to reach new clients throughout the Southeast," Heppding added.
