

Speakeasy Tattoo of Chicago is now a Tatt2Away Studio Center

CHICAGO, Ill., Jan. 27, 2016 (SEND2PRESS NEWSWIRE) – Rejuvatek Medical Inc. officially launches the first Tatt2Away® (www.tatt2away.com) non-laser tattoo removal system in Chicago with Speakeasy Tattoo's co-founders Kelly and Patrick Cornolo. Their location has come on board to offer to all its clientele certified tattoo removal as the first Tatt2Away Center in the city. Bringing into their high quality of service and products, the all-natural system.

The demand is high for cover-ups nationwide, and as Chicago's leading "Cover Up Artist," Patrick has seen his share of unwanted tattoos! The limitations that are on the process of a cover-up kept Speak Easy looking for the right solution.

"What we found with Tatt2Away, was the ability to have the results of disrupting the tattoo's color and pattern, allowing for numerous options for the cover-up," stated Kelly. "All the while having it less painful, done in less time, and take any color out of the skin – we wanted to bring it to our family of customers."

Speakeasy Tattoo is now scheduling consultations with tattoo removal candidates.

Rejuvatek Medical is placing around the nation Tatt2Away systems offering a limited exclusivity to those tattoo studios that see the opportunity first and act on it. For more information, go to <http://studios.tatt2away.com> – or contact Rejuvatek Medical, Inc. at 855-252-2929 or submit a request form from the web site.
