We are recognized around the world as one of the highest-ranked general dentists to provide the Invisalign treatment to our patients, and couldn’t be more proud and excited.”

The goal of Spodak Dental Group’s dental team is to help all of their patients achieve their smile goals, so the team provides several financing options to make sure they are able to comfortably fit their treatment needs into their lifestyle. For patients who require financing, the Spodak Dental Group works with third-party financing companies including Care Credit, Lending Club and Lending Point, all of which provide interest-free or credit score-based interest fees and low monthly payments. They also offer Compassionate Financing for current patients who have a good credit history, accept most PPO insurances and can help to maximize your orthodontic allowance, and also offer a discount for patients who are able to pay upfront and in full. The treatment coordinators are extremely knowledgeable and are happy to review all financing options to find the best option that fits within patients’ goals.
