

# Spodak Dental Group to Help Eradicate Childhood Tooth Decay As Part Of National Children's Dental Health Month

DELRAY BEACH, Fla., Jan. 31, 2020 (SEND2PRESS NEWSWIRE) – The Spodak Dental Group (SDG) is participating National Children's Dental Health Month with a goal to eradicate childhood tooth decay. SDG is partnering with All-Star Smiles Foundation, a non-profit organization with a mission to create a unique experience with an alliance of dentists, athletes and community partners that provides access to uncompromised dental care for underserved children in our communities.

Tooth decay is largely preventable, but it remains one of the most common diseases of childhood, and is five times as common as asthma and seven times as common as hay fever, according to the Centers for Disease Control and Prevention.

During the entire month of February 2020, SDG will donate \$50 from each Invisalign case accepted that month with proceeds going directly to the All-

Star Smiles Foundation to screen and treat local children who are in need of dental care. The goal is to help 100 children receive free dental treatment.

**WHAT:** National Children's Dental Health Month and raising funds to care for underserved children who require care for dental pain and/or trauma.

**WHEN:** The entire month of February 2020

**WHERE:** Spodak Dental Group, 3911 W. Atlantic Ave., Delray Beach, FL 33445

**WHY:** "This is an amazing opportunity to provide charitable giving to children who desperately need dental care," said Dr. Craig Spodak, general dentist. "Dental pain is the No. 1 reason a child will visit the emergency room or miss school. It's up to us to provide the care they need so they can either avoid unnecessary pain by treating smaller issues now, or helping them to get out of pain so they can get back to being a kid."

**JOIN:** Call or text (561) 303-2413 with any questions. To support the cause, simply email [darien@spodakdental.com](mailto:darien@spodakdental.com) or text (561) 303-2413 for ways to help.
