

# Sunpro Solar Expands Solar Service to Arizona

PHOENIX, Ariz. and MANDEVILLE, La., Jan. 26, 2021 (SEND2PRESS NEWSWIRE) – Sunpro Solar, a leading provider of residential solar energy and battery storage in the U.S., announced its most recent expansion to Arizona. With services beginning in the greater Phoenix area, the company’s expansion to the state of Arizona will help satisfy the demand for lower electricity bills and will create more renewable energy jobs.

Send2Press® Newswire

“With the nation’s enthusiasm toward clean energy, we are pleased to bring affordable solar to Arizona,” said Sunpro Solar Founder and CEO, Marc Jones. “We continue to invest in the areas that support a high demand for renewable energy and we look forward to providing best-in-class customer service to Arizona homeowners as they reduce their electricity bills.”

Sunpro Solar will provide a way for homeowners in Arizona to purchase solar energy systems, to invest in battery backup systems and to enhance their savings with energy efficiency upgrades. Arizona customers will be eligible for state and utility rebate programs as well as the federal solar investment tax credit.

“From Phoenix to Tucson, Flagstaff and even Sedona, we provide solar service to the entire state of Arizona, and we serve it well,” said Gregg Murphy, Sunpro Solar’s Chief Revenue Officer. “We’re excited to offer residents a better quality solar installation option and create job opportunities statewide.”

Arizona residents currently pay some of the highest electricity prices in the United States. For that reason, Arizona is a promising market for rooftop solar which will allow homeowners to take advantage of a more cost-effective home energy alternative.
