

Tenorshare Updates iPhone Care Pro with Invaluable iOS Repair and Backup Function

NEW YORK, N.Y., March 12, 2015 (SEND2PRESS NEWSWIRE) – Tenorshare has updated **iPhone Care Pro V2.1.0.1** with a new intuitive design, providing an all-around and risk-free iOS management and repair solution.

The new version of iPhone Care Pro repairs iOS system issues, deletes unwanted files, filters out annoying ads, and optimizes your ongoing performance.

Just as one of our customers commented “It’s the very first tool I’ve seen with so many features, enough to care for any iPhone problems that I’ve ever met.” The pioneering technology, user-friendly UI design, and all-in-one iOS solution make this software a must-have tool.

Key features added in Version 2.0.0.0:

Has your iPhone slowed down or frozen; or have you had trouble restoring it from a backup? iPhone Care Pro can **repair an iOS device** when an iPhone, iPad, or iPod is stuck in recovery mode, freezes when updating, or when the iOS device performs abnormally. It will not cause any data loss while repairing the operating system of your iOS device.

Five more features of Tenorshare iPhone Care Pro 2.1.0.1:

1. Free Transfer: manage 8 types of files (Contacts, Note, Calendar, App, Music, Video, Bookmark, and Photo) providing adding, deleting, or exporting options.
2. Free Cleanup: clean junk files and speed up device. With two clean modes supported, it allows you to quickly detect and remove temp, cache, cookie, off-line and many other kinds of junk files to reclaim storage space with a few clicks.
3. Back up or restore data by iPhone Care Pro. What distinguishes this solution from iTunes is that iPhone Care Pro keeps all the backups well-organized, so that you can restore your device to any appointed backup point.
4. Scan and remove annoying Ads in iOS apps with one click.
5. Fix various stuck problems caused by iOS upgrade or overheat.
6. Being able to create an iPhone/iPad/iPod backup while bypassing iTunes.
