

Texas Systems Group Named to ChannelE2E Top 100 Vertical Market MSPs: 2020 Edition

AUSTIN, Texas, May 27, 2020 (SEND2PRESS NEWSWIRE) – Texas Systems Group has been named to After Nines Inc.'s ChannelE2E Top 100 Vertical Market MSPs list and research (<https://www.channele2e.com/top100/>) for 2020. The annual list and research (hashtag: #Top100MSP) identify and honor the top 100 managed services providers (MSPs) in healthcare, legal, government, financial services, manufacturing and additional vertical markets.

TEXAS SYSTEMS GROUP

Send2Press® Newswire

The Top 100 Vertical Market MSPs rankings are based on ChannelE2E's Q4 2019 and January 2020 readership survey, and ChannelE2E's vertical market industry coverage. MSPs featured throughout the list and research leverage deep vertical market expertise to drive annual recurring revenues (ARR) in specific market segments.

This year's research revealed several key MSP market trends, including:

Honorees generated a combined \$1.12 billion in vertical market annual recurring revenue (ARR) in 2019, up from \$699.1 million in 2018. The surge

involved organic growth combined with accelerating merger and acquisition (M&A) activity.

The most successful vertical market MSPs are zeroing in on financial services and healthcare, while MSPs in the legal and manufacturing sectors also showed particularly strong growth.

The Top 100 Vertical Market MSPs now manage more than 2.8 million users across their customer sites in 2019, up from 2.6 million in 2018.

MSPs consider their top vertical market technology partners to be Microsoft (56%), Dell Technologies (22%), Cisco Systems (21%), Datto (19%), ConnectWise (11%) and Ingram Micro (11%).

Texas Systems Group was ranked among the top vertical market MSPs in healthcare.

“Being included as one of ChannelE2E’s Top 100 Vertical Market MSPs is a direct reflection of our team’s ability to provide professional, secure, and Texas-friendly IT support to the healthcare industry,” said David Doran, Texas System Group’s Co-founder and CEO. “We have a phenomenal technical staff that goes above and beyond to successfully support our healthcare clients.”

Texas Systems Group supports a wide range of healthcare organizations, from OB/GYN and other specialty practices to freestanding emergency centers and micro-hospitals. Their knowledge and expertise in managing such a vast variety of software, hardware, processes and service expectations has enabled them to specialize in the industry and be recognized as a leader among healthcare IT providers in Texas.

“After Nines Inc. congratulates Texas Systems Group on this honor,” said Amy Katz, CEO of After Nines Inc. “Vertical market MSPs are uniquely positioned to assist their customers with automation, cybersecurity, e-commerce and business recovery services during this challenging time for the global economy.”
