DELRAY BEACH, Fla., April 30, 2018 (SEND2PRESS NEWSWIRE) – Spodak Dental Group has been awarded a 2018 Top Workplaces honor by The Sun Sentinel for the fourth year in a row. Several aspects of workplace culture were anonymously measured, including alignment, effectiveness, and connection, just to name a few.

More than 18,000 employees in South Florida were surveyed, and the top 70 companies were selected for the final ranking of the Top Workplaces. Spodak Dental Group is ranked No. 7 and is the only dental office.

“I am incredibly proud of earning this recognition as I truly believe that happy and fulfilled team members are the measure of success,” said Dr. Craig Spodak, owner of Spodak Dental Group. “I’m very proud of each and every one of our team members because they all add unique contributions to help us achieve our goal of taking the very best care of our patients.”

Energage invited 1,644 employers in the region to participate, up from 1,219 last year.

“Becoming a Top Workplace isn’t something organizations can buy,” said Doug Claffey, CEO of Energage, a leading provider of technology-based employee engagement tools. “It’s an achievement organizations have worked for and a distinction that gives them a competitive advantage. It’s a big deal.”

The Spodak Dental Group is dedicated to the well-being and health of the patients and team members. The biophilic, LEED Gold Certified facility was built to comfort patients and inspire the team, and the facility even boasts healing gardens for the enjoyment of all. Recent studies in biophilia have shown that people actually heal faster, get sick less often and perform better when surrounded by nature and light, and the team members appreciate the connection with the environment.

Additionally, the company sponsors social events for the team, as well as holiday events, community-minded volunteer activities and more.
