

# Titan Lenders Corp. Adds Bryan DeShasier as Director of Risk Management Division

DENVER, Colo., Sept. 12, 2012 (SEND2PRESS NEWSWIRE) – [Mortgage fulfillment outsource services expert](#) Titan Lenders Corp. (Titan) has expanded its newest division, Titan Risk Management Services (TRMS) with the addition of Bryan DeShasier as director. DeShasier, who brings more than 18 years of mortgage industry operations, servicing, quality control and business intelligence experience, will also serve as vice president of Titan Capital Solutions.

One of DeShasier's first responsibilities will be the promotion and execution of an upcoming webinar regarding CFPB examination readiness, sponsored by Titan Risk Management Services. The webinar, co-hosted by Titan Capital Solutions President Debora Aydelotte, is scheduled for Wednesday, Sept. 19 at 1 p.m. MT. For more information on this event, including registration, visit <http://titanlenderscorp.com/CFPB-Exam-Readiness-Webinar.htm> .

Before joining Titan, DeShasier managed reporting and analytics for Aurora Bank's independent foreclosure review program, executive communications and research and recovery, respectively. He also previously served as assistant vice president of business intelligence for Aurora's correspondent lending division, where he managed the call center and led several initiatives aimed at identifying areas for rapid process improvement within the division's operations. Prior to that position, DeShasier was also assistant vice president of quality control business intelligence and analytics at Aurora Bank, where he managed all QC database applications, reporting and data mining activities.

"A critical component of Titan Risk Management Services is the ability to assess lenders' compliance management and governance procedures," Aydelotte said. "Bryan has spent nearly a decade understanding and engaging in this pursuit. The quality control experience and business intelligence capabilities he brings to the table are going to be one of the largest differentiators for TRMS."

DeShasier received his Bachelor of Arts degree in economics/finance from the University of Illinois in Springfield, Ill. He also holds a Master's of Business Administration degree from Hood College in Frederick, Md., and anticipates completing his Ph.D from the University of Denver in late early 2013. He currently resides in Denver.

## **About Titan Lenders Corp.:**

Titan Lenders Corp. ([www.TitanLendersCorp.com](http://www.TitanLendersCorp.com)) is one of a specialized few providers of mortgage back office fulfillment services, a not-well-understood facet of mortgage lending that includes closing, funding and post closing services. Community banks, credit unions, mortgage bankers and brokers, and warehouse line lenders use outsource providers strategically to minimize

compliance risks in a time-sensitive error-averse environment. Fluctuations in mortgage lending volume also lead some mortgage lenders to outsource their entire back office operation and secure predictable “per transaction” pricing rather than maintaining an inflexible static in house staff.

Titan Lenders Corp.’s patented, proprietary web-based software Cerberyx (CBX) supports a full suite of fulfillment services, including: funding, compliance, closing, post-closing, purchase review for correspondents and warehouse lenders, trailing documents, MERS management, FHA insuring, and document management (imaging). CBX’s flexible rules-based architecture allows Titan clients to define field level decision trees, priorities, checklists and process management specific to an investor product variance or a cross-investor climate.
