

Track the Sudden Conversion to Renewable Fuels

BOULDER, Colo., Sept. 8, 2020 (SEND2PRESS NEWSWIRE) – The Jacobsen Publishing has launched a hub for tracking the rapidly changing landscape of fuel producers adopting renewables, with a focus on renewable diesel, sustainable aviation fuels and co-processing operations.

THE JACOBSEN PUBLISHING

Send2Press® Newswire

The special coverage includes tracking on:

- Current US Renewable Diesel Production Refineries
- US Co-Processing Refineries
- US Refinery Conversions and New Builds
- Renewable Diesel Facilities List with 10 Year Projections
- Renewable Diesel Feedstock Balance Sheets
- Price Forecasting and Supply and Demand Analysis

The Jacobsen's position between agriculture and energy gives them a practical and insightful understanding of how these two industries will converge at an

ever-increasing rate in the upcoming year.

Access to the hub is available to the public and can be accessed at <https://thejacobsen.com/renewable-fuels/>

About the Jacobsen:

The Jacobsen has been a price reporting agency since 1865 which puts us in a rarefied field of companies that have survived for so long. We set the benchmark for a wide range of commodities trading as a result of our unbiased, rigorous, neutral position in the market. Our team is unparalleled in experience on supply-demand fundamentals, reporting and forecasting in both long-standing and emerging markets.
