

Vital Images Licenses Zero Footprint Medical Imaging Patent Portfolio from Heart Imaging Technologies

DURHAM, N.C., Sept. 8, 2015 (SEND2PRESS NEWSWIRE) – Heart Imaging Technologies LLC (HeartIT) announced today that Vital Images Inc., a leader in advanced medical image visualization software, has licensed HeartIT's zero footprint patent portfolio.

HeartIT's issued patents cover the use of zero footprint technologies to provide access to diagnostic-quality medical images in a standard Internet web browser.

About Heart IT:

Founded in 2000 and headquartered near North Carolina's Research Triangle Park, Heart IT is a global leader in the medical image web enablement field. Heart Imaging Technologies was the first company to offer a FDA approved zero foot-print medical image workstation which has become the precedent for other companies seeking FDA approval.

HeartIT provides web-based medical image management technology and services to health care systems, large hospitals and private clinics as well as drug and device companies sponsoring multi-center clinical trials.

Worldwide, Heart Imaging Technologies solutions provide secure web browser access to over one billion medical images.
